

IMPERIAL GARDENS

---

*Luxury is in the details*

// Introduction //

---

*Luxury doesn't lie in opulence and grandeur for everyone to see; it stands out in the details that the common eye overlooks. Only a few people will ever really understand the luxury of designs that pay attention to detail. That's why we chose to build you a home that appeals to your greater sensibility. The kind of sensibility that overshadows the obvious, to make you truly understand what "coming home" should feel like.*

*Getting from one day to the next is stressful enough as it is. The last thing you want is to come home to stress about other things, which is why we planned every little thing to the tee.*

## LUXURY IS IN THE DETAILS

Our intuitively designed floor plans maximise the use of floor space giving into your every whim and fancy. We've thought of everything from balconies outside the kitchen area where you can peacefully enjoy your morning cuppa' to an onsite convenience store, in case you forget to buy the milk on your way home. And as with everything, we've gone just a little bit further by making sure that whether you're on the ground floor, the top floor, in the penthouse or the clubhouse, there's a visual treat of the greenery that surrounds you, for as far as the eye can see.

### GREENERY

*Enjoy greenery like never before, with 6 acres of landscaped gardens.*

### LOCATION

*The community is located in Sector 102, Gurgaon, next to the upcoming Dwarka Expressway.*

### FLOOR PLANS

*It's all in the details!*

*These plans have been intelligently designed to make sure we not only cover your needs in the present, but also pay attention to what you may require in the future.*

*Imperial Gardens is strategically located in Sector 102, Gurgaon, next to the upcoming Dwarka Expressway.*

*Its proximity to both Delhi and Gurgaon as well as the proposed ISBT metro station make it an ideal location to live in; hidden from the sights and sounds of the city, but close enough to get there if you need to. And if you ever need to leave the city altogether, Terminal 3 of the IGI airport is only about 10 kilometers away!*

// Our Gardens //

---

*In a world where greys are slowly conquering greens, we're fighting back by giving you as much green as we possibly can. Not only have we made sure that all the apartments face one of our gardens, but we've also given each garden a unique structure and space. So whether you're jogging, watching a play, meditating or playing a sport, we've got the right garden for you.*

## *Dew Greens*

---

*Everything at the Imperial Gardens is designed around greenery, so it's only natural that there should be one at the very entrance of the community, to entice visitors and give residents their daily dose of fresh air with a designated jogging track.*

*A good jogging partner is hard to find. Good tracks on the other hand, much easier.*

### JOGGING TRACK

There comes a time when everyone feels like running away from home. Our jogging track is approx. 2 kilometers along the periphery. Jogging through the various gardens with nothing but natural beauty to interrupt your thoughts, will remove any such 'heat of the moment' notions.

## *Central Greens & Pool Greens*

---

*The Central Greens and Pool Greens are especially designed to conceal the car park with gardens, to make sure that there is in fact, green everywhere you look.*

// Our Gardens //

## The Courts

*Life is like a game of tennis; the player who serves well seldom loses.*

- AUTHOR UNKNOWN

### TENNIS

Our impeccably manicured tennis courts are suitable for every kind of tennis player, whether you want to beat the ball about the court or practice for a professional match; we offer you the best facilities from open courts to the option of playing a singles or doubles game.

### BASKETBALL

They say you can tell a great basketball court simply from its appearance. These courts lack nothing in design or construction. With professional trimmings and the lavish greens that surround it, it is the ideal place to enjoy a little downtime shooting hoops with your friends.

// Our Gardens //

## *The Culture Court*

*I regard the theatre as the greatest of all art forms, the most immediate way in which a human being can share with another the sense of what it is to be a human being.*

- OSCAR WILDE

### AMPHITHEATRE

We've built an open performance space in the hope of encouraging both children and adults to become culturally and recreationally more versatile. The stage sets the perfect setting for the culmination of all kinds of performing arts. The surrounding gardens serve as an ideal venue for hosting residential galas where the entire community can come together for special occasions and festivals.

## *Hideout Greens*

*We don't stop playing because we grow old; we grow old because we stop playing.*

- GEORGE BERNARD SHAW

### CHILDREN'S PLAY AREA

We've designed this recreational area solely for kids, giving them a clean and spacious environment to explore and challenge themselves. At every nook and corner, there's an opportunity for adventure and new memories to be made. So while the adults are away, let the kids play!

// The Clubhouse //

*With our in-house pool, clubhouse and fitness amenities you'll almost never have to leave home again!*

*We're already living in a world where good health is as rare as good manners.*

- AUTHOR UNKNOWN

### HEALTH CLUB

The health club features an in-house gym that includes the best cardio and weight training machines with an adjoining studio that hosts an array of different fitness regimes ranging from yoga and aerobics to karate and kick boxing. So if you're not the outdoorsy kind, there's always the health club to give you a daily boost of energy and fitness.

### POOL

The outdoor swimming pool is located in the heart of the community, sheltered away from the public view. The swimming pool is conveniently divided into two parts with a dedicated area for kids. Come soak up the sun or dive into a new fitness regime!

// Amenities //

*Our convenience store is actually convenient so you can park in our multi-level car park, pick up groceries, and leisurely walk home to enjoy the rest of our amenities.*

### PLAZA

*The in-house convenience store is there for all your last minute/day-to-day needs. It offers a wide selection of groceries, beverages, packaged snacks and more, all at the convenience of your doorstep.*

### MULTI-LEVEL CAR PARK

*After the horrors of parking nightmares in Delhi colonies, the ample space here for your family cars will be a welcome surprise. Better still, they are cleverly concealed under a garden and basketball court so that once in your cocoon, you don't have to be reminded of the sights or sounds of traffic.*

### OTHER AMENITIES

- Uninterrupted water and power supply
- Nursery school on site
- Easy access to malls, school and healthcare facilities
- Good road infrastructure

### POOL VIEW

*On a hot summer's day, the view of the pool may seem more appealing than the view of a garden, which is why our design ensures that besides a garden, some of the apartments also face the pool. It all depends on what you prefer.*

### GARDEN VIEW

*Our first and foremost thought was to be surrounded by green. In keeping with that, all our apartments either open directly onto a private garden or onto one of the common gardens.*
